**How does Perfect 10's year round monthly session program work?**

Monthly tuition is based on 4 classes per month, however, some months will have 5 classes, and other months will have 3 classes if we are closed for a holiday or vacation for our coaches. This balances out throughout the year. We bill for 48 weeks (12Mo. X 4wks). There are 4 extra weeks (52weeks minus 48 weeks = 4 weeks) that "float" throughout the year. We usually end up closing the equivalent of 10 business days during the year, giving students 10 days of extra class days throughout the year. Although we may close for some holidays or vacations, the students get more than enough extra classes at some point during the calendar year to balance things out.
